

CURRENT COMMITTEES (*Councillor only*):

Music and Art Committee

- Members** 5 Councillors plus Mayor and General Manager or his representative.
- Quorum** Majority of members, excluding the Mayor.
- Chairman** Elected annually by Committee at its first meeting held after annual elections.
- Meets** As required.
- Functions** In 2002 Council adopted the following guidelines for the Committee:
- 1 That Council's Art Exhibition be displayed at appropriate times, perhaps a couple of times each year.
 - 2 That Council's art acquisition is not restricted to local artists' work.
 - 3 Whilst emerging artists may be encouraged, it is not necessarily a priority.
 - 4 That it be recommended that the allocation for works of art be increased from \$1,000.00 to \$2,000.00 and that this amount be regularly increased in Council's budget. The Committee noted, however, that it is not necessary for the entire allocation to be spent in any year.
 - 5 That this Art Acquisitions Committee operate as the selection committee for new work but input from other Councillors would be welcome.
 - 6 That, as a general guideline but not necessarily mandatory, works be restricted to works which reflect the history, character and culture of the Parkes district.
 - 7 Although it be realised that paintings are the main focus of purchase, Council should look to acquiring other forms of art.
 - 8 To consider and recommend the development of music and music appreciation within the Shire.
 - 9 To evaluate and make recommendations concerning existing and proposed music development programs.
 - 10 To consider other relevant matters referred by Council.
